

Jamie A. Davies is a Professor of Experimental Anatomy at the University of Edinburgh, and leader of a laboratory in its Centre for Integrative Physiology. He works in the fields of Developmental biology, Synthetic biology, and Tissue engineering. He is also Principal Investigator for the IUPHAR/BPS Guide to Pharmacology database. Davies received his BA, MA, and, in 1989, D. Phil, all at University of Cambridge. He then took up postdoctoral fellowships first at the University of Manchester, and then at the University of Southampton before being appointed to Edinburgh. He was initially appointed in 1995 at Lecturer, rising to Senior Lecturer, Reader, and finally Professor. Davies was the founding editor of the journal *Organogenesis* and is on the editorial boards of *Journal of Anatomy*, and *Nephron*. He is a fellow of the Society of Biology, the Royal Society of Medicine, the Higher Education

Academy and the Royal Society of Arts. He is also a member of the Institute of Electrical and Electronic Engineers, and deputy Chairman for the National Centre for 3Rs.
